?>
```

HOW to run the program?

Method 1: Using XAMPP (Most Common)

Step 1: Install XAMPP

Download XAMPP

Install it on your system

Step 2: Start Server

Open XAMPP Control Panel

Click Start for:

Apache ■

MySQL (optional)

Step 3: Save Your PHP File

Go to folder:

C:\xampp\htdocs\

Create file:

welcome.php

Paste your PHP code inside it

Step 4: Run in Browser

Open browser and type:

<http://localhost/welcome.php>

```
